1,400 VIRGINIA CHILDREN ARE WAITING FOR ADOPTION

50% are over age 13

25% have had 4+ foster care replacements

These are children who have already suffered the trauma of abuse, neglect, and abandonment. They need the support of a permanent family to heal and grow. They want the security of a family who will be theirs for life. They deserve the love only a family can provide.

Virginia's children deserve better than last place.
